

DUNSTAN'S

D594 Series PIPELAYER

AUSTRALIA'S ONLY MANUFACTURER OF PIPELAYERS

D594 series PIPELAYER

Dunstans Pipelayers are engineered and manufactured to exacting specifications giving exceptional performance, reliability and long term usage. Late model Caterpillar D9 Bulldozers with good service history are selected. These are then rebuilt from the ground up, using trained Cat technicians and genuine Caterpillar parts. This ensures quality, uniformity and ease in sourcing spare parts, Australia wide.

Engineered and manufactured at our facility located in Wangaratta, Victoria to the highest quality; Australian Standard AS1418-10

**Built using genuine
Caterpillar parts**

D594 series PIPELAYER

Machine Specifications

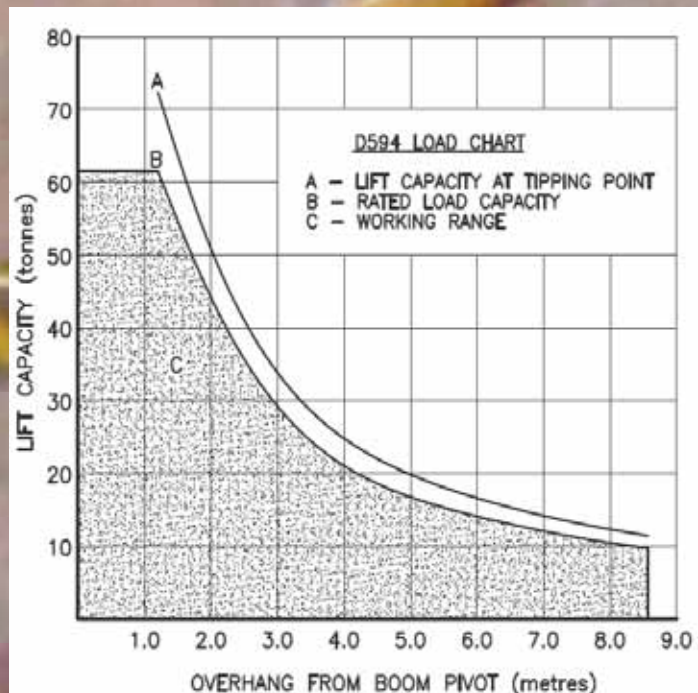

- Maximum Lift 90 tonnes
- Rated Load Capacity
 - 10 tonnes @ 8.5metres
 - 20 tonnes @ 4.2 metres
- Boom Length 8.5 metres
- Wire rope diameter 19mm

Transport

- Height: 3.995 metres
- Width: 4.130 metres
- Weight 55 tonnes

Features

- Engineered to Australian Standard AS1418-10.
- Hydraulically released brakes for extra safety and reliability
- Designed in Australia for Australian conditions
- Galesafe 1445 Load cell weight display and rope tension indicator
- Wide track plates for greater stability and weight distribution
- Built using only Caterpillar parts for Australia wide availability
- Totally new hydraulic system
- Quick release sideboom for transport
- Freefall function on load winch
- ROPS (Rollover Protective Structure) standard
- Drawbar as standard
- Removable counterweights

Dunstan's Wangaratta Pty Ltd is a Family-owned Construction and Engineering business operating from Wangaratta in the North East of Victoria.

With projects throughout Australia in the Pipeline Industry, Dunstans identified the need for a larger capacity Pipelayer to cater for the increasing pipe sizes required to move gas, oil and water.

Dunstans worked with design engineers to manufacture a Pipelayer of the highest quality incorporating the latest technology to meet Australian standards and conditions.

**Proudly manufactured in Australia by
DUNSTANS WANGARATTA Pty Ltd
