WORLD-CLASS WATER TRUCKS

Service Trucks Global design and supply a range of water trucks that are the definition of tough!

DESIGNED FOR THE AUSTRALIAN ENVIRONMENT

Designed specifically for the harsh Australian climate and our country's rugged terrain, our range of water trucks are suitable for use on construction sites, mine sites and road hauls.

RESEARCH AND DEVELOPMENT

We have invested much time, money and resources into the research and development of these tanks and trucks, 15-years in fact!

FULLY GALVANISED TANKS

Service Trucks Global are the only Australian manufacturer of Water Trucks to fully galvanise our tanks, reducing the risk of rust.

OUR TRUCKS COME FITTED WITH:

- OVERHEAD FILL
- HYDRANT FILL POINT
- CANNONS
- FRONT SPRAYERS
- BATTER AND REAR SPRAYERS
- INTERNAL BAFFLES
- INTERNAL PIPEWORK

WHY BUY FROM SERVICE TRUCKS AUSTRALIA

OPTIMUM SAFETY & MINE SITE COMPLIANT

Service Trucks Global pride ourselves on designing Water Trucks with optimum safety in mind. Our trucks are fitted with top handrails and battery and starter isolators. Can be made mine compliant if needed.

AUSTRALIAN OWNED AND OPERATED

Service Trucks Global is an Australian owned and operated family business. We have been building water trucks for over 15-years, designing them specifically for the Australian environment.

PURCHASING AND LEASING OPTIONS AVAILABLE

We offer our customers a choice between purchasing outright, a lease agreement, or lease with an option to purchase - giving customers 70-80% of rental money back if they purchase. *TERMS & CONDITIONS APPLY.*

OUR TRUCKS ARE QUALITY FROM THE GROUND UP!
