POLY WATER TRUCKS

Available in 8000L, 15000L, 19000L

With all the same spray features as our galvanised tank, the STG Poly Water Truck offers a more lightweight option for those conscious of on-road payload or looking to carry a greater volume of water. The internal plumbing, a unique hallmark of the STG brand, is well-protected from potential damage, ensuring durability in the field. The poly material also makes the tank ideal for potable water transport.
