

# iRental

AUSTRALIA PTY. LTD.

# COMPANY OVERVIEW

---

iRental Australia is established and based in the Northern Territory. We provide specialised rental/hire equipment to both our local Northern Territory client base and Australia wide.

We aim to provide a specialised service by assisting our customers to plan and supply equipment specifically tailored to their unique project requirements. This is achieved through our exceptional relationships with customers and new equipment supply chains.

Our hire equipment includes but is not limited to excavators and attachments, skid track loaders and attachments, water trucks, tip Trucks, tilt Trays, hydro vacuum excavators, wheel loaders and articulated dump trucks.

The page features a large pink geometric shape in the top left corner and a black triangular shape in the bottom right corner. The main title 'CORE CAPABILITIES' is positioned below the pink shape.
